

## Spacing

Allow ample white space ( $x$ ) around logo.  
No other elements or text should come within these boundaries.

$x$  = the height of the waves.

$x$  = the height of the lettering.

## Modification

Do not modify the logos. Do not change colors. Do not stretch or warp. Do not use dark logos on dark backgrounds, or light logos on light backgrounds. Do not combine any other visual elements with the logos such as dates, names or version numbers.

**Note:** Do not incorporate the trademarks 'ShipConstructor®' or 'SSI®' into its corporate, business, product or domain names.
